**Laser printer
(RICOH model SP 230DNw)**

**Data Sheet
AKU.1094.00UCM.CFP.RK.DA0374
00CFP04GK001**

1 Main information about the product

1.1 The Laser printer (RICOH model SP 230DNw, hereinafter – Printer, is intended for automatic two-sided printing.

1.2 Power supply of Printer is AC network, one phase, voltage 220^{+22}_{-33} V, frequency $50^{+2,5}_{-2,5}$ Hz.

1.3 Weight 7.3 kg.

1.4 Overall dimensions 356×360×183 mm.

Overall view of Printer is shown in Figure 1.

Figure 1

1.5 Printer is intended for operation under conditions of climatic execution UKHL4.

1.6 Printer shall be stored in a heated and ventilated room in the package of manufacturing enterprise under storage conditions 1(L) according to GOST 15150-69: at ambient temperature from plus 5 °C to plus 40 °C and relative humidity up to 80 % at plus 25 °C, atmosphere type II.

1.7 Printer does not contain any precious materials and nonferrous metals.

2 Package content

Designation	Name	Q-ty	Note
	Laser printer (RICOH model SP 230DNw)	1 pc	
	Data sheet	1 pc	
	Instructions on storage, preservation routine and represervation terms and conditions	1 pc	
	Safety information	1 pc	
	Warranty	1 pc	
	Warranty information	1 pc	
	User's guide	1 pc	
	Setup guide	1 pc	
	Operation panel guide	1 pc	
	Certificate of conformity	1 pc
